Dual Credit Program with

The Richard Stockton State College of NJ and Southern Regional High School District

FAQ Sheet

What is the dual credit program? – A dual credit program allows the student the option of signing up in advance and receiving both high school and college credits for the same course.

How much does it cost to participate? – Stockton is offering the dual credit option in world languages for a discounted tuition rate of $100.00 dollars/credit. Stockton has indicated these courses are the equivalent to a four credit course, therefore the total tuition cost to the student would be $400.00 per course; no other fees apply.

What is the deadline to apply? – Students must elect to participate and pay all tuition no later than October 5th, 2012. Participation is optional.

Is a passing grade required? – Students must earn a final grade of C or better to receive credit from the college.

What if I sign up for the college credits but withdraw from the course or get a final grade lower than a C? – There are no refunds after signing up for the course.

Will these credits count towards a college degree? – The credits earned in the dual credit program are automatically accepted at Stockton. Most other colleges and universities accept transfer credits from other accredited colleges; however, each individual college/university has their own credit acceptance policies. Whether or not the credits are accepted is between the student and their respective college/university. Southern Regional has no control of college/university transfer credit policies.

Will students who enroll receive a college transcript at the completion of the course? – Yes, enrolled students who successfully complete the course will be able to obtain a transcript from Stockton indicating the course name and credits earned.

What are the benefits of participating? – Students may be able to earn 8 or more college credits prior to graduating from high school at a discounted tuition rate. Students may also be able to accelerate their studies to include a major or minor in a world language.

What if I have questions? – Please contact your child’s teacher or guidance counselor.

RELEASE OF ACADEMIC AND FINANCIAL RECORDS TO PARENT AND/OR OTHER THIRD PARTY

FOR THE ACADEMIC YEAR 2012-13

The Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, seeks to guarantee both a student’s right of access and the confidentiality of student information. Institutions may not disclose information contained in education records without the student’s written consent except under certain conditions. A student’s record may be released to parents or other third party only if one of the following conditions has been met:

1) The student has provided written consent for release; or

2) By submission of evidence that the parent(s) declare the student as a dependent on their most recent Federal Income Tax form, as defined by the Internal Revenue Code of 1986, Section 152.

The Richard Stockton College of New Jersey (RSC) is ranked among the Best Universities/Master's in the North by U.S. News and World Report and is one of Princeton Review's Best Northeastern Colleges. It has recently been named a "College of Distinction." Over its forty-year history, RSC has been known for its strong programs in all the areas of the Humanities, including its growing Languages and Culture Studies Program. Stockton is a strong liberal arts college whose main emphasis is on excellence in teaching and where all classes—including entry level—are taught by highly qualified faculty members, not graduate students. Stockton also provides a strong liberal studies component to broaden intellectual scope, enhance communication skills and leadership qualities.

Southern Regional High School (SRHS) serves the communities of Barnegat Light, Beach Haven, Harvey Cedars, Long Beach Township, Ocean Township of Waretown, Ship Bottom, Stafford Township, and Surf City. SRHS offers a rigorous academic course of study designed to meet the needs of a diverse student population including special needs, vocational training, college preparatory, honors, advanced placement and training in the performing arts which satisfies all of the Department of Education's requirements necessary for high school graduation. N.J.A.C. 18A:91C-1 et. seq. Students who are eligible may also participate in college level courses. Upon graduation, SRHS students will be prepared to apply to competitive college and university programs and employment in a global community.

**Earning College Credit – Promoting Language Study**

- SRHS and RSC are entering into a DUAL CREDIT ARTICULATION AGREEMENT so that students can have the opportunity to take college level courses and those who graduate from the four-year high school program at SRHS would be eligible for admission to the RSC with advanced standing in academic degree programs in Languages if the following conditions of this Agreement are met.

- Any presently enrolled SRHS student who takes an RSC course for academic credit will pay a special tuition of $100.00 per academic credit. For this tuition, the student will be provided the requisite instruction by the qualified SRHS instructor and will, upon successful completion of the course, have their grade recorded on an official RSC transcript using RSC's standard grade notations. They will be enrolled as non-matriculated students at RSC. All college regulations governing non-matriculated students shall apply to those SRHS students who are enrolled in the courses noted above for RSC credit and those SRHS students will be allowed use of Stockton's Library without borrowing privileges.

- Additional courses may be added in the future, pending academic curricular review by RSC and SRHS faculty and administration.

- All Stockton tuition must be paid by September 30th of each academic year.

---

**Admission to the Richard Stockton College of New Jersey with advanced standing**

- a) Student applicants to RSC must meet regular admission standards set forth by the College
- b) RSC will grant advanced standing for SRHS students who have taken the above listed courses under the following conditions:
  1. For students who enrolled to take the above courses for College credit, those students will be awarded RSC College credit as set out above, which will afford them advanced standing upon successful completion of the specified RSC courses if they receive a grade of C or higher
  2. Students who wish to enroll in the courses for RSC credit while at SRHS will be waived from having to take these listed courses upon entry to RSC if they earn a grade of at least "B" or better
  3. Students must select one of the options above while enrolling in the courses at SRHS. Once a selection has been made, they will not be able to initiate a change.
- d) Note that for those students who do not attend RSC, the credits earned can be applied to other institutes of higher education for credit based on that institution's guidelines.
